Sebi provides new format for compliance report on corp governance

PRESS TRUST OF INDIA New Delhi, July 16

SEBI ON TUESDAY came out with a new format for compliance report on corporate governance to be submitted by listed companies to stock exchanges.

In a circular, the regulator prescribed new format for disclosures to be made on quarterly basis, annual basis for the whole of financial year and within six months from end of financial year that can be submitted along with second quarter report.

"In view of the revised timelines under the amended regulations, the circular shall come into force with effect from the quarter ended September 30, 2019," Sebi said.

The regulator, in September 2015, had asked listed firms to submit compliance report on corporate governance in a prescribed format with disclosures pertaining to composition of board of directors as well as the committees and their respective meetings, among others.

However, requisite amendments were made in Sebi (Listing Obligations and Disclosure Requirements) Regulations, 2015 to implement the recommendations of committee on corporate governance.

Thereby, "some of these amendments necessitate changes to the format of the quarterly compliance report", Sebi noted.

Despite the recent carnage HDFC AMC profit jumps 42% in June quarter

FE BUREAU Mumbai, July 16

HDFC ASSET MANAGEMENT Company (AMC) posted a 42% rise in the June quarter profits to ₹291.79 crore, aided by lower fees and commission expenses and higher other income. The revenue from operations for the last quarter stood at ₹504.39 crore, a rise of 7% compared with ₹471.23 crore in the corresponding previous quarter. The fee and commission

expense for Q1 of this fiscal stood at ₹11.36 crore, a drop of 86.5%, taking the total expenses to ₹122.83 crore against ₹206.55 crore in the corresponding previous quarter.

Operating profit from core asset management business was ₹381.5 crore against ₹264.7 crore for the quarter ended June 30,2018, a rise of 44%. During the quarter, the fund

houses had decided to provide liquidity arrangement to certain fixed maturity plans (FMPs) of HDFC Mutual Fund, to deal with the illiquidity faced by such FMPs due to their exposure to certain non-convertible debentures (NCDs). "The liquidity arrangement entailed acquisition of such NCDs by the company from these FMPs. Consequently, during the quarter, the company has purchased such NCDs amounting to ₹426.45 crore at the prevailing valuation yields I prices provided by independent rating agencies," the

firm said in an exchange filing. Total assets under management (AUM) of ₹3.56 lakh crore as of June 30, 2019 against ₹3.01 lakh crore as on June 30, 2018 — a growth of 18%.

"The quantum of issues The fall of both the Sensex that markets dealt with earlier were bigger issues, but now the issues are smaller," he said.

According to Nomura, the NBFC crisis and its repercussions were the major factors making the markets nervous before the Budget and after the elections.

tackle the crisis at NBFCs will help valuations. The government will infuse liquidity into NBFCs and this should allay concerns on escalation and a deeper economic slowdown. If the Budget proposal of increasing shareholding to 35% from 25% is approved, the markets would see an increase in the weighting of stocks in benchmark indices, ultimately attracting greater foreign inflows of capital, it said.

"We are not falling from the cliff, instead we are going to the base and from there we will recover. In September or October, we could sense the recovery. Towards the latter half of the year, we will see recovery of broader markets," Mukherjee said.

According to him, there is a gradual recovery and a broader fall in cost of capital and this lays

market from a one to two year perspective. "As we approach next few quarters, the worst in terms of growth would be behind us and things should start looking better from there on,"he said. Nomura's Nifty target is

12,900 by March 2020. In the last four-five years,

corporate earnings have been quite sluggish. "It's a gradual recovery. If there is a GDP slowdown further, there is a problem," warns Mukherjee.

The brokerage is overweight on financials, infrastructure, healthcare and pharmaceuticals, while it's underweight on auto and consumer.

Nomura further said infrastructure- and exports-led companies could replace the consumer theme in coming years.
